MEMORANDUM FOR: Comptroller, DD/S&T

25X1A

SUBJECT: Milestones and Evaluation Criteria
for FY 76 Program Call

REFERENCE: Memo

1. In the area of exploratory research and development ORD will be able to define program objectives, identify major milestones and establish criteria necessary to measure success in ORD program areas. Most effective use of resources will be achieved by maintaining sufficient flexibility in program definition to permit the exploitation of new concepts, technologies and unanticipated breakthroughs as they emerge.

2. DCI objectives supported by ORD objectives includes the following:

a. Develop scientific and technical innovations of value to intelligence collection, processing, and production by effective utilization of Agency Research and Development resources.

b. Develop new methodologies and techniques in intelligence analysis, production, and product evaluation, and consumer needs with a view toward improving the quality, reliability, and utility of finished intelligence.

c. In coordination with the other Directorates, move toward more inter-office task forces to solve problems of mutual interests.
